

Coding and Robotics Summer Camp

Twenty-six students from classes VI through XII attended "The Coding and Robotics Summer Camp" conducted by Rancho Labs, incubated with the Technology Innovation Hub of IIT Delhi (IHFC). This workshop had been designed exclusively for the students of Carmel Convent.

The 7-day workshop conducted in three different batches was spread over a month from 29th May to 28th June '23 by the alumni of Delhi IIT. Students had an opportunity to design Robotics and Artificial Intelligence based projects including Smart Dustbin, Traffic Lights and smart Piano using IR sensors and various other devices. The workshop was both enjoyable and educational. It has helped ignite the passion for Robotics Computer Programming in students.
