

# DIWALI CELEBRATION

## REPORT ON DIWALI ASSEMBLY

“You have to find what sparks a light in you so that you, in your own way, can illuminate the world.” Diwali, the Festival of Lights, is a vibrant and culturally rich celebration filled with lights, music, dance, and love—a festival of hope and renewal. On 29th October 2025, the students of Carmel Convent School, New Delhi, marked this occasion with great enthusiasm by conducting a lively assembly. Creativity and talent shone as students presented a variety of programmes, including a dance drama that beautifully conveyed the story of Diwali, celebrating our rich culture and heritage.

Originally, Diwali was celebrated to light up every dark corner, street, and home. Over time, crackers became part of the celebrations, leading everyone—from the elderly to children—to indulge in a festive but pollutive Diwali. Through a Nukkad Natak and a puppet show, students raised awareness about air pollution and promoted the message of a safe and eco-friendly Diwali. In the spirit of the festival, students also encouraged one another to remember the less fortunate.

The festival of Diwali holds profound significance, teaching us to dispel the darkness of ignorance and embrace the light of knowledge. It reminds us to share our joy and happiness with others, and the students of Carmel Convent School, New Delhi, beautifully upheld these values through their programme.
